GEN. WHEELER'S STATEMENT

He Gives The Reverse Side of The Picture.

NOT THE RESULT OF NEGLECT.

The Illness and Privation of The Soldiers Was Unavoidable—The War Department Blameless.

Camp Wikoff, Montauk, L. I. Sept. 2—Major General Joseph Wheeler gave the following to the Associated Press today:

"Headquarters United States Forces Camp Wikoff, L. I., Sept. 1, 1898.

"The following is a sample of the letters we are constantly receiving regarding the soldiers in the camp:

"In regard to my step-son, we feel very uneasy about him on account of the newspaper reports of the suffering inflicted on the private soldiers. Although he has never uttered a complaint since he has been in the army, we hear from other sources of the cruel and horrible treatment inflicted on our soldiers under the pretense of humanity for our neighbors, and the country is in a state of terrible excitement. I should not be surprised if the feeling should lead to a revolution of some kind, for I assure you I hear on all sides the violent and bitter denunciations of the war department and the administration. It is indeed a great pity that the glory of our triumphs should be dimmed by such a shameful thing as the ill-treatment and starvation of our own brave soldiers while the Spanish prisoners have the best treatment that the country can afford.'

"It will be seen that this letter says that not a word of complaint has been received from this soldier and far as my investigation goes no complaint has been made by any of the brave soldiers that have added glory to our arms in the Cuban campaign. A great many anxious fathers, mothers, brothers or sisters arrive here from all parts of the United States to look after their relatives whom, they say, the papers tell them are suffering, and many of them have heard that their relatives are in a condition of starvation. Most of these people are little able to expend the money for such a journey, and they are surprised when they come here to find their relatives surrounded with everything to eat which can be procured by money; and if sick in the hospital, they are gratified and surprised to find that they are given every possible care.

"In reply to a direct request that I will give the exact facts as I see them, I will state:

"Every officer and soldier who went to Cuba felt that he was given a great and special privilege in being permitted to engage in that campaign. They knew they were to encounter yellow fever and other diseases, as well as the torrid heat of the country, and they were proud and glad to do so. They knew that it was impossible for them to have the advantage of wagon transportation which usually accompanies armies, and yet officers and men were glad to go, to carry their blankets and their rations on their backs and to be subjected without any shelter, to the sun and rains by day and the heavy dews by night. They certainly knew that the Spaniards had spent years in erecting defences and it was their pleasure to assault and their duty to capture the Spanish works. They were more than glad to incur the hardships and these dangers. They went there and did their duty; each man seeming to feel that American honor and prestige was to be measured by his conduct. The brave men who won the victories did not complain of the neglect of the government, but on the contrary they seemed grateful to the president and secretary of war for giving them the opportunity to incur these dangers and hardships. They realized that in the hurried organization of an expedition by a government which had no one with any experience in such matters, it was impossible to have everything arranged to perfection; and they will testify that under the circumstances the conditions were much more perfect than anyone would have reason to expect, and that the president and secretary of war and others who planned and dispatched these expeditions deserve high commendation.

"One reason why our army was lacking in some respects in equippage was that a telegram was received from Admiral Sampson stating that if the army reached there immediately they could take the city at once, but if there should be delay, the fortifications of the Spaniards would be so perfect that there might be great difficulty in taking it. On receiving this dispatch from Admiral Sampson the war department directed the army to move at once, and as all connected with the army will recall the orders were received after dark, and the army was in motion, had traveled nine miles and was on the ships at daylight. When the expedition sailed for Cuba it went there escorted by a large fleet of warships. At that time it was regarded as impossible for a merchant ship to sail on the ocean safely from any American port to Santiago, but as soon as the Spanish fleet was destroyed so that it was possible for unarmed ships to sail safely to Santiago, the generous people of the United States subscribed money without limit and dispatched ship after ship loaded with luxuries and delicacies for the Santiago army and everything that could be accomplished for their comfort was done by the president and secretary of war.

"After the surrender had been completed and arrangements perfected for transporting the Spanish army to Spain, the president and secretary of war sent shipping to Santiago and transported our army to one of the most healthful locations in the United States. The point selected by the secretary of war was so situated that thorough protection was given the people of the United States from the danger of yellow fever contagion.

"The soldiers, upon their arrival at this place, received every care and bounty which money could procure. The president and secretary of war directed that their comfort and health should be cared for without reference to expense, and in addition the people within a circle of 100 miles vied with each other in shipping to them car loads and steamboat loads of luxuries of all kinds.

"I have just finished my daily inspection of the hospitals. With rare exceptions the sick are cheerful and improving. I have nurses and doctors to care for them, and in all my many tours I have not found a single patient who made the slightest complaint. It is true there has been suffering, and great suffering. The climate of Cuba was very severe upon all of our soldiers, but instead of complaining, the hearts of those brave men are filled with gratitude to the people for the bounteous generosity which has been extended to them.

"There is no doubt that there has been individual cases of suffering and possibly neglect among the soldiers, not only in Cuba, but since their arrival in this place. Nearly 20,000 men were brought from a yellow fever district to the United States. It would have been criminal to have landed and allowed them to go promiscuously in and out among the people. It has been stated by physicians that if it had been done yellow fever would have spread through many of our states.

"To avoid such a catastrophe, a point which was more thoroughly isolated from people than any other locality which could be found, was selected.

"By these wise means the country has been saved from a scourge of this fearful disease. Everyone will realize that to land 18,000 men and put them on bare fields without any buildings whatever, could not be done without some hardships. Over 5000 very sick men have been received in the general hospital and as more sick have been cared for in the camps, and yet only about 60 deaths have occurred in these hospitals.

"Tents had to be erected and hospitals constructed and preparations made to supply those 18,000 men with wholesome water, food, medicines, physicians, nurses, cooks, hospital furniture, wagons, ambulances and the other needs essential to caring for the 18,000 men, fully half of whom are very sick or in a feeble physical condition.

"In addition to this, most of the bedding and much of the clothing was left in Santiago to prevent yellow fever infection. All of these deficiencies have had to be supplied. We had but one line of railroad to bring these supplies and sometimes there have been delays."

The Arrival of the Presidential Party at Montauk

M'KINLEY'S CORDIAL GREETING

Roosevelt at Head of Cavalry—President Will Spend Sunday With Vice-President Hobart.

By Wire to THE TELEGRAM.

Camp Wikoff, Aug. 3—President McKinley, Secretary Alger and party arrived here this morning and began an inspection of the camp after breakfast. The camp looked better than previously, the unsightly objects all having been removed. The president leaves this evening in time to go to Patterson to spend Sunday with Vice-President Hobert. The ladies will leave early in the morning.

RECEIVING THE PARTY.

Montauk, Aug. 3—There was a large crowd at the station when the president arrived this morning. The party seemed fatigued. Three troops of the Third cavalry and one of the Sixth regular cavalry were drawn up as an escort. When the train arrived a salute of twenty-one guns was fired.

The platform was cleared of all except military men, so that the party reached the carriages without difficulty. General Wheeler and Gen. Ames, of the First division; General Chaffee, of the Second division, Gen. Bates, of the provisional division, Lieutenant Colonel Minor, General Pierson and Captain Smith were present and received the president. Major Ledo acted as aide to Mr. McKinley, Capt. Marten to Secretary Alger.

The president and Mr. Alger were the first to enter the carriages, but on seeing Col. Roosevelt at the head of the cavalry near by because of an accident to Gen. Young, Mr. McKinley alighted and went to him, greeting him most cordially.

Then the cavalry saluted and the mounted band played "Hail to the Chief."

The cavalry fell in line behind the president's carriage immediately preceding the one containing Vice-President Hobart and Attorney General Griggs. Secretary Porter, with his wife and two friends, followed in another carriage, and next came Quartermaster General Ludington and Commisary General Eagan.

The party went first to Gen. Wheeler's headquarters, then to the detention camp, where they met Gen. Shafter. Afterwards they made a tour of the general hospital, and the infantry plains and later inspected the quarters of the cavalry regiment.

Hundreds of people viewed the procession and several enthusiastic privates ran out in the road as the president's carriage reached them shouting: "Hurrah for the president!" The sight of Roosevelt at the head of the cavalry also called forth a great burst of applause.

Gen. Wheeler is still practically in command of the camp, Gen. Shafter having requested him to continue, owing to the latter's not feeling equal to the work yet. Gen. Shafter will probably leave the detention camp tomorrow.

The presidential party will probably leave camp at two o'clock this afternoon.

HALF NOT BEEN TOLD.

Rev. Jesse H. Page's Terrible Arraignment of Negro Rule.

The reports of the disgraceful results of negro control and fusion government in Eastern Carolina have not been half told. Each day the story grows worse. Rev. Jesse H. Page, one of the best known ministers in the Methodist church in this state voices the great glamor that comes from the east. His statement will command the attention and respect of every intelligent North Carolinian. The Newton Enterprise gives the following letter to a citizen of Newton, written by Rev. Mr. Page:

Rockingham, N. C., Aug. 29, '98.
My Dear Sir and Brother:

I was from home when your favor came. I have time to reply briefly. The reports of the dreadful results of the reign of the vilest characters in some of the eastern counties are not exaggerated. Indeed, the "half has not been told." I am sure if the honest white men of the central and western portion of our good old state would come east and see for themselves they would return home with the resolution, every one of them, to work and vote to help throw off the yoke that is so oppressive and humiliating to the white men and white women in the eastern counties.

Things must change very soon or some portions of our beloved state will be reduced to degredation, poverty and ruin. The good people of this section are making a determined effort, and scores of white men who had strayed off into the fusion combine, are coming back to the Anglo-Saxon banner, and will vote for honest government. Let the west heed the earnest, honest, appeals of their brethren in the east and all will be well.

Truly,
Jesse H. Page.

P. S.—There are hundreds of negroes—many of them "lewd fellows of the baser sort"—holding office in the eastern counties. Some of our towns and cities—notably Wilmington, New Berne, Greenville, and others, are completely dominated by negro aldermen, magistrates and policemen, and matters are in a dreadful condition there. These things were brought about by the unfair division of wards in these towns made by the last legislature.

Truly,
P. H. Page.

OMDURMAN FORTS DESTROYED.

A Dispatch to London From Nazri Says a Gunboat Has Returned And Reports No Casualties.

By Cable to THE TELEGRAM.

London, Aug. 3—The British war office at noon today received a dispatch from Nazri which says a gunboat has returned and reported no casualties among the Anglo-Egyptian forces, and that the right bank of the river has been completely cleared and all the forts on Tuti Island, opposite Omdurman have been demolished and the guns captured.

The despatch said the Howitzer practice of Sidar's force was excellent. The Evening Telegraph publishes this brief sepcial:

"All the forts at Omdurman have been destroyed. Great success and no casualties."

Murderer Confesses.

By wire to THE TELEGRAM.

Stubbensville, O., Sept. 3—John C. Dubles, aged seventeen, confessed today to having killed little Mary Wesley, whose body was found Saturday in the woods. He says he threw the fatal stone at her because she would not when he called her.

"Refreshing" and "Delicious"

are words that are often heard after people have tried Orange Phosphate at our fountain. Orange Phosphare is so common that it takes something extra to call forth such remarks. The secret of ours is that we are careful to have fresh syrups, made from the best material we can find. Fresh syrup means syrup made not longer than the day before you taste it.

Just before the close of last session a little girl was brought me who could not see a letter four inches square across a small room and yet she was compelled to work by the side of a child who could see clearly a letter ½ inch square the same distance. If your child has been showing signs of weak or defective eyes they may be a great deal worse than you have any idea. Better bring her in and have her eyes looked after before school begins.

The testimony of such men as Bishop Duncan, Governor Ellerbee and Senator McLauren, is entirely sufficient to send against men who are afraid to repeat their statements a second time. And talking about prejudice, it is well enough to find out where the real prejudice is, and not insult men of integrity and Christian character by saying that through prejudice they are led to acts of unfairness and dishonesty.

There will be music—plenty of it—and it will be of such a nature that it will make the Chatham Citizen dance, when that paper gets its wish that R. B. Boone and W. P. Bynum meet in joint debate. The Citizen intimates some dark things that are to be divulged—actually assumes a threatening attitude and sighs for a joint debate between the two candidates for solicitor. When it comes to unearthing things—well the Citizen will be disappointed, because there will be no joint debate between Mr. Bynum and Mr. Boone. The Citizen is not posted.

There are two sides to every question and General Wheeler has given the reverse side of the picture of neglect, sickness and starvation among the American soldiers, which we print in today's issue. General Wheeler shows, or attempts to show, why the war department is not to blame for the alleged suffering. In making up a general verdict his letter is entitled to consideration, yet it will be hard to convince people who have seen so many weak ard emaciated soldiers going back north who were the picture of manhood and health when they went south, that there has not been gross carelessness and neglect somewhere.

You must work your advertisement just as energetically as you do any other branch of your business or item of your stock in trade, if you would reap the benefits of it. In a neighboring daily newspaper a market ad has been running since last fall—about one year—without change. All through May, June, July and August it has read: "The R months have already set in, and I have completed my arrangements to supply the citizens of ——, as heretofore, with A No. 1 oysters," etc. It was out of date and out of season, but he kept everlastingly at it until the "R months" have come again, and we presume his "arrangements" are still complete. But it pays to make frequent and seasonable changes as all live business men have demonstrated.

REPUBLICANS WILL DODGE ISSUE

Decline to Meet Democrats in Joint Debate.

With defeat staring them in the face the republicans are preparing to let themselves down as easily as possible.

They do not propose to be knocked about in the face by the enemy and so they are making arrangements to retire from the arena with as much grace as can be mustered up. Yesterday morning the republican state executive committee met at republican headquarters.

The session lasted several hours. The most important business transacted was the passage of a resolution forbidding republican spell-binders and officers speaking in joint debate with democrats. This resolution found a hearty support and was passed with a whoop. The republicans realize that they are on the defensive and they know that they cannot afford to meet the democratic speakers in joint debate.

The following is the resolution as adopted:

"Resolved, That it is the sense of this, the republican state executive committee, that the republican candidates and speakers do not engage in any joint discussion during the present campaign in this state with the democratic speakers.

"Resolved further, That joint meetings of republicans and populists are advised wherever and whenever it will be to the advantage of the fusion cause to do so.

The case of "Judge" Locky was taken up, but a member of the committee is authority for the statement that no action was taken.

The fusion "hawkers" got away on the noon trains. The crowd looked worried. Their concern is apparent.

Major Guthrie said of the action of the committee in arranging the fusion:

"I don't believe the populists can deliver the goods. They can't deliver me. I am not situated like I was two years ago. I am just back from Moore county. I find that the populists and republicans are going to vote together there.

What Major Guthrie said is ture. That was the sentiment that was heard yesterday.—Morning Post.

Judge Clark Inconsistent.

Editor Morning Post:

Sir: That is a queer protest of Judge Clark's against the jury at Trinity College. The public supposed that he had started out to prove the truth of the very naughty things he said about Dr. Kilgo. That was what he offered to do "if he could get a squire." Now he seeks to change the issue and make the people believe that he wants to expose the tobacco trust. That will not do. The public will hold him to the pleadings: and if he fails to establish that Dr. Kilgo is the kind of a man he has painted him, he must simply be recorded in the usual book as a gross maligner.

What gall Judge Clark has to object to having his case passed upon by men who have fixed opinions on the subject presented. He advertises himself as the deadly enemy of all corporations and combined capital; yet with what ghoulish glee he sits on the supreme court bench and uses his exalted position to destroy the interests of railroads or anything else not endorsed by the populist. He is very anxious to have motes removed from other people's eyes, while he tenaciously clings to the beams in his own.

Observer.

Raleigh, Sept. 1, 1898.

The real author of "A Hot Time in the Old Town To-night," which has been described since the Santiago fight as the new national anthem, is, according to a dispatch from Denver, an old negro woman, named Amanda Green, who sang it for years before it was finally picked up by a traveling actor. The latter got the tune and fixed the words to suit himself, retaining, however, the title and the main idea.

Four Women Drowned.

Erie, Pa., Sept. 2—By the accidental jibbing of a sail of a pleasure yacht on Presque Isle bay this evening, four young women were swept into the water and drowned. Their names are Mary, Della and Ella Paradin, and Jessie Moore, daughter of John H. Moore, an engineer of the Erie and Pittsburg railroad.

What It Means.

When we advertise that we will guarantee Dr. King's New Discovery, Electric Bitters, Bucklen's Arnica Salve, or Dr. King's New Life Pills, it means that we are authorized by the proprietors to sell these remedies on a positive guarantee, that if purchaser is not satisfied with results, we will refund the purchase price. These medicines have been sold on this guarantee for many years and there could be no more conclusive evidence of their great merit. Ask about them and give them a trial. Sold at C. E. Holton's drug store.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23rd, says; "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., of Des Moines, Iowa. For sale by C. E. Holton.

In an English Parliamentary Blue Book containing the annual report of the Commissioners of National Education, and signed by those august personages, the following tid bit may be read: "The female teachers were instructed in plain cooking. They had, in fact, to go through the process of cooking themselves in turn."

A Hiawatha (Kan.) boy who is a member of Col. W. J. Bryan's Nebraska regiment, writes from Jacksanville, Fla., that Colonel Bryan recently made a speech to the boys in which he said that his was such a good regiment that he had little chance of improving it. "But," continues the writer, "the regiment has been bad enough since pay day. Colonel Bryan says that next pay day he is going to march the whole regiment over to the Y. M. C. A. tent and make the boys play checkers instead of going back into the woods to gamble their money away."

Our customers are aware of the many superior features in the make up, fit and finish of these garments, and those who have not been fortunate enough to learn these things cannot commence earlier to inform themselves that it is an easy matter to procure our ready-to-wear garments at a reasonable price, and have a garment that fits, wears, and gives entire satisfaction.

Don't buy a suit that does not fit—you can get them from us that DO.

C. H. Dorsett went to Gulf at noon today to spend Sunday with his sister who, we regret to learn, is quite sick.

The lawn party at Dr. Crawford's lawn last night was a pleasant affair and a neat sum was realized for Proximity church.

Miss Welch, who has been here for a short while with her brother, Paul G. Welch, who is sick, returned to her home in Siler City today.

We have, up to this writing, escaped the September storm which has been raging in the South Atlantic States. However, it is liable to strike us at any time.

Miss Kate Gaster, a lovely young lady of Fayetteville, who has been visiting Miss Kate Bradshaw, returned home today to the regret of her many friends here.

Rev. T. A. Smoot, of the G. F. College, will preach at the First Presbyterian church tomorrow morning and night. The hour for night service is changed from 8:30 to 8:15.

Mrs. W. A. Hennessee returned last night from a visit to her parents in Gracy City, Tenn. Mr. Hennessee went to Salisbury yesterday to meet her and returned last night.

Do you like for your clothes to fit? Most people do. The celebrated Hamberger Brothers make, advertised today by Matthews, Chisholm & Stroud, are guaranteed to fit and wear. Read the ad.

Miss Kate Bradshaw entertained a number of friends at her home on Asheboro street last evening from 8:30 to 11 o'clock. A large number of young people were present and the evening was most pleasantly spent.

Dr. W. H. Brooks, assistant surgeon of the Second regiment, passed through last night enroute from St. Simon's Island to Annapolis, Md., being called there by a telegram announcing the serious illness of his brother-in-law.

J. M. Ausley, who has for some time held a position with W. J. Ridge, in his furniture store, has accepted a position with a wholesale grocery firm in Wilmington and left at noon today for that city. Mr. Ausley is a bright young man and has many friends here who regret to see him leave.

Rev. Dr. T. N. Ivey went to Charlotte this morning to be present at the meeting of the building committee of Craven Memorial hall, to open bids for the erection of the building. Dr. Ivey is a member of the committee. He will pass through tonight enroute to Wilson, where he is to preach tomorrow.

Colonel Fairbrother, editor of that great household delight and universal necessity—Fairbrother's Farrago—in other woods the Danville Confused Mass, a medly composed of all the enchanting, entrancing and popular unwritten songs of the day, was in the city last night enroute to Raleigh. While here he called on the editor of the Telegram and told him that small as our office is it is large enough for the Telegram.

Mr. Zeb. V. Conyers, formerly with C. E. Holton's drug store here, who enlisted as a hospital steward in the Second regiment, is in the city shaking hands with friends. Mr. Conyers is off on a furlough but the Second will probably be mustered out before his furlough expires. He says he is glad to get out of the service, as the health of the Second was so good he had nothing to do but go in the surf and he was afraid of getting lazy. Mr. Conyers has been stationed at St. Simon's Island.

ROBBERS AT WORK.

Attempted Safe Robbery in the City Last Night.

Would-be safe robbers entered C. F. Thomas' job printing office last night through a back window and tried to open the safe. They were not successful, however, and except for the loss of the knobs on the hinges and a few scratches on the combination and door the safe was none the worse for their attempt. They tried to prize the door open with an old screw driver and by breaking the hinges. Nothing else in the office was disturbed.

An attempt was made to enter the store of Mr. Spencer Keeling, corner South Elm and Sycamore streets, some time during the night, by a bold robber, but was frightened away before he had made any headway. He was a tall fellow, and was frighted off by a passer-by.

Greensboro seldom has a robbery, and robbers will not go free who prowl around in these parts. Our force of policemen seldom fail to find a man they want—if he stays in this vicinity.

A Little Folks' Party.

Misses Margaret and Mary Merrimon, daughters of Mr. and Mrs. B. H. Merrimon, gave a party last night at the Cedars, to a number of their little friends in the city. Delicious refreshments were served and from the merry peals of laughter which rang out from beneath the lovely trees which surround the beautiful home we feel sure the young folks spent a delightful evening.
